

Hello my dearest A.M.!

Hopefully you have been able to get through the litany of pages and websites I gave you. The revelation I am receiving comes regularly - like every hour - at least! And it is all great things - for us - and for society as a whole.

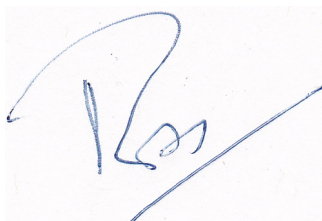

I don't know what you have been able to read, so I will give you the Reader's Digest version of the story. My Story. I am Jesus Christ returned. It has been 20 years that I have known this and my path has been anything but simple. With that said, it has been a wonderful journey into the heart of God!

Norah Jones, the jazz/pop singer who came to prominence in 2003 forms the centre of my story. It was she who came to me as God and had me understand that she was/is my Eternal Soulmate. In Revelation of the bible, Jesus states that he is the Alpha and the Omega, the first and the last. He was Adam in the Garden of Eden and he is Ross in this end time. But that is not it. The Alpha and the Omega are a couple. Adam and Eve in the beginning and Ross and A.M. in the end time! So in essence, A.M., our first breakfast and our first kiss will seal the deal for our world to transform from the carnal, temporal time - the last 6,000 years - Hell on Earth - to the glorified, eternal time - Heaven on Earth!

In a very real sense, you are the key which unlocked the door, for 8 billion people to live a life they could never, ever have imagined living! And if that is not great enough, A.M., because of your actions, every person who was ever conceived on Earth, in the 6000 years of our existence, will be resurrected to live in New Jerusalem forever! That is another approximately 100 billion people!

I don't want to keep even one secret from you, ever, A.M.. As Jesus, I am one of three beings who are ALL powerful, ALL knowing and everywhere, always. Along with God the Father (Noel) and God the Holy Spirit (Norah) we have the capacity to inhabit the bodies of every person on Earth and through this to assist their progression and help them to heal and grow in love. I haven't grown into this as yet, but know I will! There is much for me to learn - and to share with you! Suffice it to say, my hope, plan and desire is to fulfill your every whim and need from now to eternity. To make you happier than you could have ever dreamed in every area of life - and especially in our bedroom where we will share our most intimate moments! I can't wait to learn about the trauma in your youth which caused you to shy away from close personal contact. Even more, I can't wait to be the person who brings you back to loving and thriving on this contact!

All my love,
