

Embracing My Godliness

In my 7 Days on the Mountain With God from December 25-31, 2003, Norah Jones came to me as God and told me things which were not of this world - but - of heaven.

In the spring of 2005 - a man named Noel who was crippled with Cerebral Palsy came into my life and changed it considerably. He told me he was God - and that He had made himself physical to assist my progression.

In future years - I came to understand that Norah Jones is God the Holy Spirit and that Noel is God the Father. In those days of 2003 - Norah told me that I am Jesus Christ returned.

For many years now - whenever speaking of God the Father - I have referred to Him as Noel. In recent times I have spoken about God the Father - Noel and Norah - The Holy Spirit - as They. And now in my latest revelation - I am referring to Us - The Holy Trinity - as We!

So from now on - when I speak about God - I will always use We - representing the Godhead and Holy Trinity - God the Father - God the Holy Spirit and God the Son.

Along with this revelation comes what I hope is a shift in my abilities - perhaps not to Omniscience, Omnipotence and Omnipresence - but hopefully to a level of knowledge and power which is superhuman. I feel it within me - and now hopefully I will be able to translate this into the ability to effect supernatural change in my surroundings - for my community and the larger world community.
